Townsend Conservation Commission  
Memorial Hall  
Townsend, MA 01469

Dear Members of the Commission:

Regarding the Rollo project, I request that the commission re-publish the notice of the "Request for Determination" in the newspaper with the proper date in order to comply with the Wetlands Protection Act procedure. In the event of an appeal of the Commission's decision, it would be unfortunate to have the decision voided on procedural grounds. Since the proceedings were postponed at the Rollos request, and they were still unprepared to proceed at the meeting June 21, they should be prepared to pay the nominal cost of the re-publication.

Furthermore, since the Rollos have almost promised to appeal any decision you make that they don't agree with, I request that the commission's records be impeccable on this issue, down to the site inspection report that needs to be filled out by the members who participated in the site inspection (June 6, I think), and a copy of the letter supplied by me from David Haines, and whatever other documentation you deem relevant. Any appeal will be judged on the written record of the meeting July 12.

Thank you for your cooperation and patience.

Sincerely,

A handwritten signature in cursive script, appearing to read "William J. Cadogan", with a long horizontal flourish extending to the right.
