Remarks

Duty officer requested to respond to D.J. Hussey Farm at 37 Burgess Road to investigate a possible unauthorized burn. HQ received a call from Steve Marshall at #26 Burgess Road reporting an open fire at that location. On arrival, there is no visible smoke, fire, or odor of smoke from the public road. I spoke with C10, he had responded to this location on 1/25 to investigate a similar complaint from an ongoing neighbor dispute. The burn pile was from an agricultural fire that had been permitted earlier in the day, located in an open dirt area on the back side of the property. The pile was contained, smoldering, light smoke was traveling upward and dissipating with minimal drift toward the road, no active fire. C10 called the owner John Hussey who met me at the burn pile. John used his tractor to pull the remnants of the pile apart which improved the smoke condition. I spoke with C2 who advised that as long as the pile was contained and wasn't posing a hazard or nuisance to the public that no further action was required by the fire department. John was advised to monitor the pile to assure that there were no further issues with reignition or smoke. Cleared.
