**Subject:** Request for information

1. Are there any reports stating when, how much and what chemicals were added to the Fitchburg Rd. tank, in the last three years? I would like copies, please.
2. Are there test results by date for this period of time (3 years) before and after the chemicals were added ? I would like this information also, please.
3. I would also like to know how much of each product we purchase in the last year, from whom and the cost of each.

Please give me an estimated cost of retrieving this data before you begin.

Thank you  
Susan A. Funaiole
